STEADFAST LOVE

The Bible says that “Love never fails”. How can this be? The preceding line of Scripture tells us that love “bears all, believes all, hopes all, and endures all things.” Love in the Bible is sacrificial, and it is steadfast. This type of love is rooted and displayed in God’s character. It is not a whimsical feeling, but instead it is an informed decision that produces action. It is time that we build a steadfast and enduring love in our marriages. It will take work, but love ought never to fail!
